Not Afraid of Kidnapers.

"Geordie," said the motherly old soul,
"aren't you afraid to be so far from home
at as late an hour as this?"

"Afraid of what?"

"Of kidnapers."

"Naw!" exclaimed Geordie. "I'm a good
little boy, and the Lord will take care of
me. "Sides," he added, contemptuously,
"my papa asn't got any money."—Chicage
Tribune.

An Innovation. The Louisville & Nashville R. R. together with its connecting lines has inaugurated the Chicago & Florida Limited, which is a daily, solid train, vide vestibuled, steam heated, gas lighted, with dining car service for all meals en route from Chicago to Thomasville, Ga., Jacksonville and St. Augustine, Fla. This train leaves Chicago over the Chicago & Eastern Illinois tracks at 11:08 a. m., running via Evansville, Nashville, Birmingham, Montgomery, Plant System to Jacksonville, and Florida East Coast to St. Augustine, arriving at the latter City to Jacksonville, and Florida East Coast to St. Augustine, arriving at the latter City at 7:30 the next evening, making the fastest time ever made between these points. This train has annex sleeper leaving St. Louis at 2:15 p. m. which also runs through. Mr. C. L. Stone, General Passenger Agent, Louisville & Nashville R. R., Louisville, Ky., will answer all inquiries concerning this train and furnish printed matter coacerning it.

Force of Habit.

THE DUTY OF MOTHERS.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter !

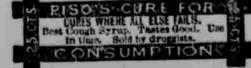

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examina-tion; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

Byron, Wis., mother of the young lady whose portrait we here publish, wrote Mrs. Pinkham in January, 1899, saying her daughter had suffered for two years with irregular menstruation - had headache all the time, and pain in her side, feet swell, and was generally miserable. Mrs. Pinkham promptly replied with advice, and under date of March, 1890, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all

pains and irregularity. Nothing in the world equals Mrs. Pinkham's great medicine for regu-

A COVERED BARNYARD.

Handy for the Storage of Manure and a Run Under Cover for Cattle in Winter.

The shaded part of the accompanying cut (Fig. 1) shows an addition to an old barn that gives a covered space for the storage of manure and n run under cover for cattle in winter, while providing also a large amount of storage room above the hay or other fodder. This addition is built upon

FIG L ADDITION TO BARN.

the end of the barn that contains the cattle quarters, bringing these adjacent to the covered barnyard. A basement barnyard is shown in Fig. 2.

A covered barnyard of this sort at small expense can be had by those who have basements under their barns, or who have barns so located that they can be raised and basements thus secured. The side toward

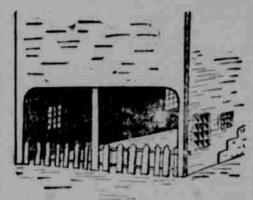

FIG. 2 BASEMENT BARNYARD.

the south can then be left open, insuring a warm place for eattle to get the air, and a place for the store age of manure where it will not lose any of its valuable qualities. The manure can be spread over the basement don't .- N. Y. Press. floor dally-a little straw or other litter thrown over it, when the cattle wal keep it packed tightly down. The has is illustrated in Fig. 2.-N. Y.

PROFITABLE PRACTICE.

Sonking Corn for Feeding Is Said to Result in the Saving of 20 Per Cent. of Grain.

For two years we have scaked all the corn fed to hogs, whether shelled or on the ear, writes O. C. Wiggin, Charlotte county, Va., in the Southern Planter. We were led to the practice by the reports of experiments made by the Kansas experiment sta-

I take it that the chief advantage in soaking corn lies in the better mastication which the animals give the kernels. I find that the teeth of pigs soon become sore when fed continnously on hard corn. When fed on the ear, the front teeth become so sore that they can hardly shell it. The excrements of animals fed on dry corn contain a large proportion of undigested fragments. This is apparent to the most casual observer.

All last year we had been feeding our horses and mules on soaked corn with decided gain. Many horses have a vicious habit of bolting their grain, while old animals have faulty teeth, which prevent them from crushing hard grain.

I believe we are saving twenty per cent. of grain by this simple prac-

We never allow the soaked corn to become sour. It is well to have two barrels to use on alternate days. I the weather be very hot, the corr should not remain in soak more that 12 hours. In cool weather it may remain 24 hours or longer. Nothing can so certainly and quickly derange the digestive organs of any anima and throw it off its feed as sour corn

HINTS FOR HORSEMEN.

Look out for musty hay. Clean the stall floors daily.

Never jerk or yank on the reins. Again the market reports a shortag

in horses. "Shoulder lameness" is generally

Live Stock on the Farm.

If the animals on a farm are consi ered as customers, and everything the consume is charged against them, t value of the "home market" will be preclated. No farmer ever fed an ar mai because he intends to give aufood free of cost. He looks forward to lating woman's peculiar monthly the time when the animal is expected to pay for what it receives. The live stock offers a market for many articles that could not profitably be shipped and if the animals only paid for the food they received, with no extra profit, the farmer will succeed in selling much waste material in that manner.

Try Grain-Ol Try Grain-Ol

Ask your grocer to-day to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. I the price of coffee. 15c, and 25cts, per package. Sold by all grocers.

He Knew.

The politician's wife was startled by sound below stairs.
"John," she cried, "there's a robber in "The house," replied John. "What's the matter with the senate? That's worse."—Philadelphia Press.

Hozsie's Croup Cure. The life saver of children, for Croup, Coughs, Colds and Diphtheria. No opium to stupefy. No ipecac to cause nausea. Sold by druggists, or mailed postpaid, on receipt of 50 cents. A. P. Hoxsie, Buffalo, N. Y.

"This wireless telegraphy reminds me of a groundless quarrel." What possible connection is there between the two?" "It's practically having words over nothing."-

Bound in Human Skis.

In Camille Flammarion's library is a volume of the famous astronomer's works which bears the unique title: "Souvenird'Une Morte." It is unique because the title is wholly incompatible with the contents of the book, which is mainly devoted to scientific matters. However, when one hears the story that is told of this little volume it does not appear so strange, after all, though interest in it grows still greater. It is said that Mr. Flammarion, meeting a beautiful lady at a reception one evening, openly expressed his admiration for her really lovely shoulders. So impressed was the lady that when she died her will directed that enough skin be taken from that part of her person to bind the next work of the distinguished scientist. This was cone, and of the night. the book referred to is the result .-Pittsburgh Dispatch.

Reflections of a Bachelor. Nowadays a man can't go down cellar | show died of pneumonia one day rewithout the snow shovel staring him in | cently. the face.

When Caesar was stabbed his wife probably said it was because he didn't dress warmly enough.

All women know other women whom they can't afford to know on earth, but expect to know in Heaven.

A woman can never see a man with a mourning band around his hat without feeling almost as if she knew him. A woman that insists on kissing her husband more than four times a day

would put melasses on her watermelon. It's a funny thing that the men who always eat nothing but healthy food never look any healthier than men who

Pelsonous Perspiration. The poisonous qualities of perspiration was a subject of discussion at a recent gathering of French scientists. Several experiments proved that human perspiration is toxic. A series of guinea pigs and rabbits were killed by inoculations of perspiration gathered from a flannel shirt worn by a healthy young man after dancing a cotillon. A glove worn by a lady who danced vigorously through a ball was utilized for inoculation with equally deadly results. Mr. Arloing's more recent experiments show that perspiration resulting from muscular exertion is more toxic than that consequent from a vapor bath .- Albany Argus.

Pallinting Circumstances.

"Now," said the leader of the mob. "if you have anything to say before we lynch you for the cold-blooded murder of your mother-in-law, we'll give you five minutes to say it in."

"All I can say, gentlemen," replied the man on the barrel, "is that I lived with her for 14 years and never did so

And the mob, many of whom knew how it was themselves, held a brief conference and, after taking his word of honor not to do it again, released the prisoner and permitted him to go his way in peace .- N. Y. World.

SHARES PUBLIC SCHOOLS HONORS. Excellent Geographical Exhibit at Paris Largely Due to

Union Pacific. The Passenger Department of the Union Pacific Railway is in receipt of a letter from Superintendent C. G. Pearse inviting it to share in the honors bestowed upon the Omaha public schools at the Paris exposition. As is well known, the Omaha schools were awarded a gold medal for the excel-lence of the showing made by their methods of teaching geography. The most important part of the exhibit consisted of a set of illustrated publications and maps showing the sources from which geographical ma-terial and information are obtained. Superintendent Pearse acknowledges that great credit is due to the Union Pacific Passenger Department, which furnished many of the publications and maps for the Paris exhibit.—Omaha "Bee," Dec. 11th, 1900.

Encouraged.

Jane-It is always a surprise to me what a lot of homely women get married.

Bertha-No doubt it is a reflection that gives you a great deal of encouragement. dear.—Boston Transcript.

The Best Prescription for Chills and Fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price.

Jack-"Don't you think that woman, so a rule, prefers a man who is her master?" Ethel-"Not at all. She prefers one who thinks he is."-Smart Set.

A dyspeptic is never on good terms with himself. Something is always wrong. Get it right by chewing Beeman's Pepsin Gum.

A man can sometimes correct almost any bad impression by simply paying his debts. —Atchison Globe.

A VETERAN SPEAKS.

The Honorable Moses B. Crane of Tacoma, Wash., Tella How Old Soldiers May Help Themselves.

TACOMA, Wash., Jan. 21, 1901 .-Special.)-"I used to have Heart Disease, but thanks to Dodd's Kidney Pills I now have Heart's Ease.

"Five years ago, I was a continual sufferer of Heart Disease. Exposure during the war, and a tendency to grow over-fleshy had greatly aggravated this dread disease. I often had to sit up half the night, I had it so bad when I would lie down. Life looked pretty relief, until one day I read an advertisement of Dodd's Kidney Pills. I bought a box that same day, and it was the best day's work I ever did. Before I had used all the first box I could eat and sleep better than I had done for many years, and after three months faithful treatment my health was completely restored. I am an old man now, but my step is as elastic and my brain as clear as when I was thirty years of age."

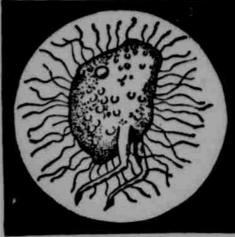

These are the words of the Hon. Moses B. Crane, secretary of Odin Lodge, No. 123. I. O. O. F., of this city. The Hon. Mr. Crane is also Senior Vice Commander of G. A. R. Post No. 5, Ta-

Those who know Mr. Crane have the fullest confidence in his honesty and turthfulness, and know that he would not give this unsolicited testimonial unless he had actually experienced the relief which he indicates in his letter. Dodd's Kidney Pills are having a wonderful sale among Mr. Crane's friends -and their name is legion-in this part of the country. There does not seem to be a single case of Heart Disease, Kidpey or Bladder Weakness, or Rheumatism, that Dodd's Kidney Pills do not permanently cure.

EPIDEMIC OF GRIP WORST EVER KNOWN.

GRIP BACILLUS EVERYWHERE--IN THE AIR WE BREATHE, IN THE WATER WE DRINK, IN THE FOOD WE EAT.

Baccillus of Grip.

Magnified 16,000 times.

Hundreds of car loads of Peruna are shipped in all directions to meet the extraordinary demand of

the grip epidemic. Everybody laying in a stock of this valuable remedy in time to

meet the terrible enemy, the Grip. The extensive facilities of the manufacturers taxed to their utmost to meet the urgent demand for Peruna.

Almost everybody has the grip. Almost everybody must have Pe-

Taken at the appearance of the first symptoms of the grip, not only is Peruna a prompt cure for the grip but it prevents those disastrous after-effects so characteristic of this dread disease.

Peruna not only cures the grip but prevents it.

Taken in time thousands of lives will be saved in this present epidemic. Every family should take the precaution to secure a supply of Peruns at once, for the retail and wholesale stock of the remedy may be exhausted by the enormous demand for it.

It is wisdom to have Peruna in the house even before the grip attacks the household.

It has been ascertained by a reporter that the following people of national reputation have given public endorsement and testimonials to Peruna as a remedy for la grippe: Congressman Howard, of Alabams, says: "I have taken Peruna for the grip and recommend it as an excellent remedy to all fellow-sufferers.

Congressman White, of North Carolina, says: "I find Peruna to be an excellent remedy for the grip. I have used it in my family and they all join me in recommending it."

Miss Frances M. Anderson, of Washington, D. C., daughter of Judge Anderson, of Virginia, says: "I was taken very ill with the grip. I took Peruna and was able to leave my bed in a week."

Mrs. Harriette A. S. Marsh, President of the Woman's Benevolent Association, of Chicago, writes: "I suffered with grip seven weeks. Nothing helped me. Tried Peruna and within three weeks I was fully restored. Shall never be without it again.

At the appearance of the first symptoms of grip people should stay indoors and take Peruna in small doses (teaspoonful every hour) until the symptoms disappear. This will prevent a long, disastrous sickness and perhaps fatal results.

His Conscience Was Clear.

"My friends," said the condemned as he stepped forward for a few last words before the noose was adjusted, "I ain't no speechmaker, and I ain't got much to say. I've stole horses and drunk whisky and played keerds and bin a tuff man, and if I'd lived a year longer I should probably hev bin sent to congress. Thank the Lord that I've escaped sich a fate and kin still look you all in the face, and now, Jim, you kin go on with the hangin' and be duried to you."—Washington Post.
